Saint Vincent and the Grenadines**

**PRESS RELEASE**

FOR IMMEDIATE RELEASE

Thursday, December 2, 2021

Contact: Permanent Secretary  
*Kingstown, St. Vincent and the Grenadines*

**AstraZeneca Available in St Vincent and the Grenadines**

The Ministry of Health, Wellness and the Environment wishes to inform the public that the COVID-19 vaccine AstraZeneca is now available. Persons awaiting their first dose, second dose or a booster shot can visit our vaccination sites across St. Vincent and the Grenadines. While we welcome walk-ins interested persons are asked to call ahead to avoid wastage.

In view of the confirmed presence of the Delta, Mu and Gamma variants in the community, strict enforcement and compliance with all protocols by everyone is strongly recommended. The correct and consistent use of masks, avoidance of crowds, physical distancing, proper hand sanitizing and immunization with available vaccines have all been proven to significantly reduce the risk of being infected, getting sick and or dying from the COVID-19 virus.
