**RE-OPENING HEALTH FACILITIES**

The Ministry of Health, Wellness and the Environment would like to make some announcements about the provision of health services in the community:

- 1) The Evesham Health Clinic was re-opened about a month ago after a period of closure during which repairs were carried out.
- 2) A staff nurse would move into the Layou Nurse Quarters over the weekend. This would go a long way towards ensuring that a nurse is always on hand at that facility to respond to emergencies.
- 3) The Kingstown District Clinic will be re-opened on Monday, May 18, 2020 with all services restored.

These favourable developments would have an impact on the provision of healthcare to thousands of Vincentians.
