PRESS RELEASE

FOR IMMEDIATE RELEASE

September 5th, 2021

Contact: Chief Medical Officer, Chair
Health Services Subcommittee
National Emergency Committee

Kingstown, St. Vincent and the Grenadines

EIGHT (8) NEW COVID-19 CASES

Eight (8) new cases were reported from two hundred and fifty (250) samples processed on Saturday September 4th, 2021, resulting in a positivity rate of 3.2%.

Two (2) new recoveries were noted over the reporting period. Sixty (60) cases are currently active and twelve (12) persons with COVID-19 have died. Two thousand three hundred and seventy-nine (2379) cases of COVID-19 and two thousand, three hundred and seven (2307) recoveries have been recorded in St. Vincent and The Grenadines since March 2020.

In view of the increased risk of infection and subsequent transmission of COVID-19 posed by the growing incidence of variants of concern in persons entering St. Vincent and the Grenadines, strict compliance with all protocols and recommendations is strongly recommended. These include the effective use of masks, physical distancing, hand sanitizing and immunization with available vaccines.
