PRESS RELEASE

FOR IMMEDIATE RELEASE

August 12th, 2021

Contact: Chief Medical Officer, Chair
Health Services Subcommittee
National Emergency Committee

Kingstown, St. Vincent and the Grenadines

ONE (1) NEW COVID-19 CASE

One (1) new COVID-19 positive case was reported from one hundred and seventy-four (174) samples processed on Wednesday August 11th, 2021, resulting in a positivity rate of 0.6%.

No new recoveries were noted over the reporting period. Forty-four (44) cases are currently active and twelve (12) persons with COVID-19 have died. Two thousand three hundred and eight (2308) cases of COVID-19 and two thousand, two hundred and fifty-two (2252) recoveries have been recorded in St. Vincent and the Grenadines since March 2020.

In view of the increased risk of infection with and subsequent transmission of COVID-19 posed by the growing incidence of variants of concern in persons entering St. Vincent and the Grenadines, strict compliance with all protocols and recommendations including the effective use of masks, physical distancing, hand sanitizing and immunization with the available vaccines is strongly recommended.
